

The Westchester County
Department of Emergency Services

TRAINING ANNOUNCEMENT

Issued: May 1, 2019

Announcement: 19-86E

EMS Week

Tourniquets

What was old is now new and vice versa and the same goes for tourniquets.

Depending on when you took your first class tourniquets were bad and your patient would lose a limb, but not anymore. We know that it isn't the norm, working from

Individual 1st Aid Kit (IFAK) nor is self-aid or buddy-aid TQ application. Join Tai Lee, EMTP/CIC in practicing TQ application on yourself and others using CoTCCC and C-TECC recommended tourniquets. (Students that have been

issued or own an IFAK are encouraged to bring them to class) *To ensure the safety of the students, firearms, knives, pepper spray, or Tasers are not permitted*

This course may be applied toward Preparatory or general elective content under the NY State DOH EMS Continuing Education Recertification Program.
