# TRAINING ANNOUNCEMENT

Issued: May 7, 2019

Announcement #: 19-91E

## EMS Week

# Patient Assessment & The Write Stuff

Join Brett Roberts, EMT-B/CIC, as he reviews the importance of determining mechanism of injury and nature of illness while discussing the components of a thorough patient assessment and best ways to effectively communicate with your patient during the assessment process.

Brett will also review important documentation requirements all EMTs should be following in filling out these legal documents. This course will discuss medical documentation standards regarding what should be recorded and when, as well as an offering of examples of the “good, the bad and the ugly” when it comes to EMS patient care documentation.

This course may be applied toward Preparatory, Patient Assessment Core or Elective CME hours under the NY State DOH EMS Continuing Education Recertification Program.
