Railroad Safety and EMS Operations

Over the last few years there has been an increase in railway accidents. Whether commuter or freight, the incident can still pose a significant problem for first responders. Please join Neil Sweeting, Fire Chief of MTA Metro –North Railroad as he discusses safe operating practices when responding to calls on the railroad.

This class will provide participants with:

- An overview of local railroad operations
- Communications between the Railroad and First Responders
- Railroad Right of Way Safety Considerations
- Railroad electrical systems
- Rail cars operating within Westchester County
- EMS Response considerations

This course may be applied towards General Elective CME hours under the NY State DOH EMS Continuing Education Recertification Program.
