Description:

Westchester’s weekly drill series is designed to enhance the skillset of Fire Service personnel operating at a wide range of incident types. The drills will run one evening per week and rotate between four broad subject areas: Engine, Truck, Rescue/EMS, and Command/Leadership. The series is designed to supplement your department’s training schedule while providing attendees with proven drills they can bring back home. Each drill is purpose-built to benefit everyone, from the entry-level firefighter to the experienced chief officer. This weekly drill series will address many JPRs as outlined in OSHA 29 CFR 1910.120 and NYS Best Practices for Exterior Firefighters, Interior Firefighters, Driver Operators, Fire Officers, and Incident Commanders.

The JPRs/ Standards include but are not limited to:

- NFPA 1001 – Standard for Fire Fighter Professional Qualifications
- NFPA 1006 –Standard for Technical Rescue Personnel Professional Qualifications
- NFPA 1010 – Standard for Firefighter, Fire Apparatus Driver/Operator
